of children.  
 We are a 501(c)(3) registered not-for-profit organization and your financial gifts are fully tax-deductible. Your gifts are used for the children we serve on your behalf. Thank you for considering a financial partnership to enable us to bring Hope to a needy generation targeted at school-age children and their teachers.  
 With the help of our financial partners, we empower communities through social services training, equipment provisioning, and facilitation. We care for orphans through short-term food, clothing, financial assistance, and coordinating community-based housing. And we teach HIV/AIDS prevention through values-based educational activities targeted at school-age children and their teachers.

...can make all the difference  
 to someone who has  
 never known Love.
